

April 6, 2021 MCPLA meeting

The treasurers report was discussed by Ken Lauffer. The check book has been balanced. There has been \$1478.02 in payments received from Stripe for the spring championship. Outstanding CAP fund payments approved for a TV and stand scoreboard at Dretzka and hitting bay nets to be installed at Currie. Jim Gehrke of Executive Greens is doing the installation. All products should be received this week so he will be able to start the project soon.

Second Team was discussed by Brian Pederson. All captains have returned for another season as far as I was told. The first event is May 22 at Oakwood. Blank rosters will be sent out to the clubs when we get closer to the match.

North – South was discussed by Steve Gruszynski. They are looking for a captain of the North Steve is hoping with the two-man team format there will be more interest.

The spring championship was moved to Oakwood as the two damaged greens at Whitnall are not ready for play yet. Entries are coming in fast led by Oakwood members at their home course.

Chet Hendrickson discussed goings on at the courses. They intend to have rakes out this year and take the foam out of the cups. All the professionals have stayed so no turnover there. They plan to open food service by Memorial Day at Brown Deer and Oakwood followed shortly after that at the remaining courses. Beverage carts will be staffed as well. Masks are currently still required in the buildings. Greenfield and Dretzka will aerated in May with the rest of the courses scheduled for September except Brown Deer which will be in early October.

New business was discussed about flyers or advertising or email blasts or other methods to try and recruit new members. Dretzka has had a lot of success with their Thursday league as far as getting members but has not been as successful getting those players to play on the weekend 18-hole events.

The 2021 schedule has been re added to the website.

Respectfully submitted

Brian Pederson
